SUPPORTING INDIGENOUS EDUCATION

Almost 100 Indigenous students gather in Sydney this month to celebrate the educational and career opportunities available to them with the help of Qantas' community partner, the Australian Indigenous Education Foundation (AIEF). The Foundation holds an annual event to launch the AIEF Annual Report, celebrate the achievements of its students and to thank its supporters. This year the venue is Qantas' new state-of-the-art training centre, the Qantas Centre of Service Excellence. AIEF's official airline, Qantas plays a vital role in providing transport for AIEF students from across the country to the event. For many, it will be their first interstate trip and for some, their first plane ride. aief.com.au
