

**THIS WILL NEVER HAPPEN
WE SAY IT CAN.**

AIEF helps empower young Indigenous people to access quality education, ensuring that opportunity reaches those who need it most.

Without access to education, the path to leadership – in Parliament, in boardrooms, in every place decisions are made – is blocked before it even begins.

By removing financial barriers through scholarships and transition support that builds confidence and career readiness, we're creating change that reaches well beyond the classroom.

**Education changes futures.
Futures change nations.**
